“ Not all revolutionaries set out to change the world per se; some set out to change their own worlds. And in so doing, they often change the way one person, or a few people, or whole communities, or entire nations or the world thinks and operates in some significant way ”

Anita Roddick

“ You are never too old, too disadvantaged, too weak or too broken. You are never too ordinary to do extraordinary things. Only you make that choice. Only you. No-one else will do it for you. No-one else should, because it is your gift ”

Martin Flett

We are capable of so much more than we can imagine – quite literally. Intuitive, emotional and spiritual truths are hidden by a fearful mind and self-deception. Simple reflection can change all this. Ask a man or woman what their passion is and they will struggle. Touch that passion for just a moment and there is no doubt, no fear and no struggle. In that moment dreams are possible, legacies are created to share and to hand on. All it takes is reflection to trigger a self-awareness that opens up such possibilities.

The intention in developing this set of cards was just that – to provide a trigger, to offer an excuse to listen to our SenseAble Friend – that wise, intuitive, spiritual sage that is our true self.
